1994 Season ... Boys 3-14; Girls 6-12

Serve...Return...Volley

The Boys and Girls Tennis Teams both had fine seasons this year. The Boys Team, coached by Mrs. Sandy Allan, showed much more talent than their scores reflected. The team was led by Captain Craig Kowalski, Sebastian Weiss, and Eric Hobin. The girls had a somewhat successful season as well. The Girls Team was coached by Mr. Gerry LaPierre. Captains Kristin Doucette and Michelle Park led the girls and were the only seniors. Both the Boys, as well as the Girls, had fairly young teams, made up of mostly underclassmen. Both teams ended on a happy note. At the end of the season there was a cookout and a Coed Match. Boys Captain Craig Kowalski summed it all up well when he said, " It was hard work but it was still fun. Next year should be even better, though."

Girls Tennis Team: First row: J. Mager, L. LeClerc, K. Doucette (Capt.), M. Park (Capt.), A. Barron, C. May; Second Row: M. Grabowski, L. DeChellis, L. Belden, J. Winston, K. Derosier, L. Lewis; Third Row: F. Shubert, C. Sullivan, A. Timoney, M. MacPhail, H. MacDonald, A. Spencer.

Boys Tennis Team: First row: D. Campos, S. Weiss, C. Kowalski (Capt.), R. Nawazelski, C. Rowan, M. Taylor; Second row: S. Park, R. Marnell, C. Bias, M. Doyle, J. Marnell, E. Hobin, B. Ciccolo, E. Anderson, W. Emerson.

The perfect balance of the sexes! Jim Marnell and Dan Campos practice their backhand, while Hillary Taylor and Lynne LeClerc practice one on one.

The top three boys singles players are ready for action! And why are they the top three? Because they can balance two balls between three rackets! Left to right: Captain Craig Kowalski, Sebastian Weiss and Eric Hobin.

Craig Kowalski returns a serve with perfect form.

Coach LaPierre is surrounded by his team. That's called LOVE!!

SOFTBALL

1994 Season ... 8-12

Throw...Catch...Save

The Softball team ended its season with an 8-12 record. Led by Coach Pam Gould and Captains Amanda Ransom and Jenn Tolsen, the team was, in the words of the girls, unlucky, as there were many injuries this season. Jill Hennelly, Danielle Ulwick, Amy Gomes, Leeanne Delorey, and Amanda Ransom were all on the injury list at one time or another. During their rigorous 20 game season, the highlights came with the 12-11 win over Marshfield and the 8-7 win over D-Y. The team accredits those wins to Amanda Ransom's pitching and Angela Vecchioni's hitting. According to the two captains, "no one ever played the same position due to the injuries," and a shortage in funding caused equipment and uniform problems. Of Coach Gould, Captain Amanda Ransom says, "She has done a great job this season. It was a year to rebuild around injuries. She put up with frustrating mental mistakes but overcame them by finding the right combination in the field." With powerful underclassmen like Danielle Ulwick, Bonnie MacDonald, and Angela Vecchione, the 1995 season looks promising.

Varsity Softball: First Row: A. Conant, A. Melia, A. Ransom, J. Tolsen, D. Saunders, J. Shaw; Second Row: C. Gomes, L. Delory, A. Gomes, A. Monahan; Third Row: D. Ulwick, J. Hennelly, K. Noumi, M. Clifford; Fourth Row: G. Nawazelski, A. Vecchione.

The Senior Girls (top) get into a group picture and smile together for their last picture as the Panther softball team. (Left) Bonnie MacDonald, Varsity player, steps up to the plate to face her Rockland opponent.

Angela Vecchione runs home and scores a run for the Panthers.

TRACK & FIELD

1994 Season ... Boys 8-0; Girls 6-2

Run...Jump...Throw

The Boys and Girls Track and Field teams both had very successful seasons. The Panther ladies continued to fight their way to an Atlantic Coast League victory. They were, however, stopped in their tracks by the ever powerful Dennis-Yarmouth team. In their meet against D-Y though, they gave the D-Y team the closest meet anyone has ever given them. With encouragement from Coach Tom Murtaugh, the Panther girls went into each meet with a positive attitude.The boys had an incredible season. With a record of 8-0, the Boys team attained the status of 1994 ACL Champions. Coach Kevin Black and captains Eric Wisnaskas and Craig McKinnon provided the team with leadership. The boys worked hard this season and it paid off. In concluding, both teams did very well this season and are a credit to their respective coaches as well as a credit to Whitman-Hanson.

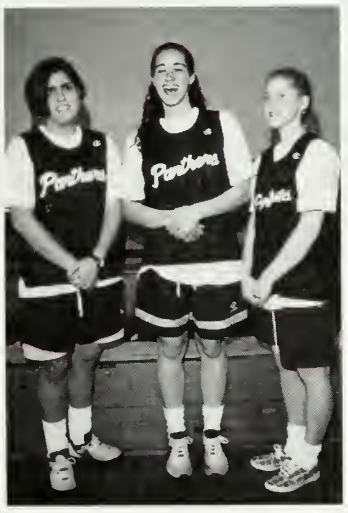
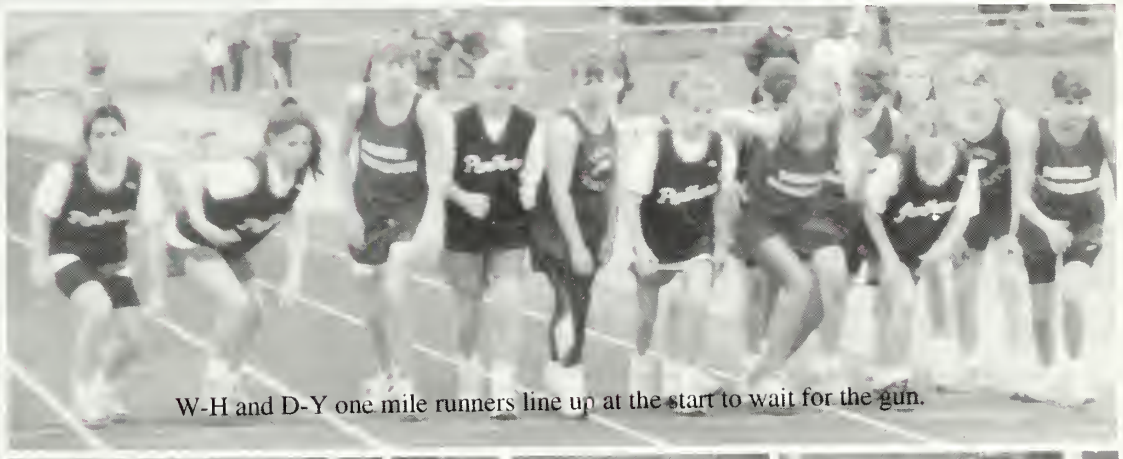
Run, Jump, Throw-The 3 key words for Track and Field are demonstrated by Sophomore Meaghan Callahan, W-H's top girl in the 2 mile, Senior Craig McKinnon, Boys Co-Captain, and Senior Bonnie Kaplan, Girls Co-Captain and top Javelin and Discus thrower.



Senior Co-Captains Bonnie Kaplan, Sara Murray, and Lisa Jarrett all demonstrated superior leadership as well as outstanding athletic ability throughout the 1994 Season.



W-H and D-Y one mile runners line up at the start to wait for the gun.

Dennis Nash and Tim Driscoll, Senior Co-Captains for the boys team, added their talent to the team once again to finish up their 4 years of ACL Championships.

W-H Hurdlers Mike Krajewski, senior, and Heather Daley, sophomore, gave a supreme effort this year.

BASEBALL

1994 Season ... 9-11

Pitch...Hit...Run

Coach Forbes gives Jason Bouchard some pregame advice.

The Senior Varsity Baseball players pose one last time together as Panthers.

The Whitman-Hanson Baseball Team ended an exciting season, fighting to the end but not succeeding to qualify for a post season tournament bid. Senior Pitcher Bryan Cheney commented that Coach Pat Forbes does "a good job with the players he has, and also has the patience and the ability to bring the Panthers far into the tournament."

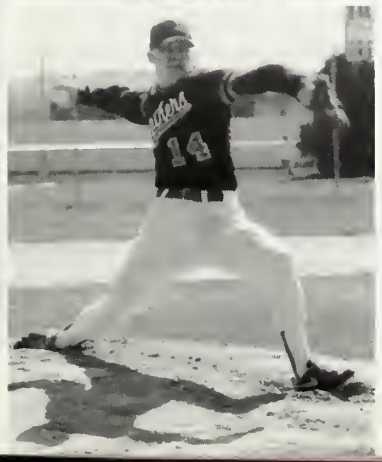
With strong players on the mound, Brian Cheney and Bill Frazier, and throughout the diamond, Toby Bennett, Jeff Horger, Mike Walsh, and Jason Bouchard, the team got off to a great start with a 4-3 victory over Canton.

The W-H Team has no captains but Bryan Cheney, Jeff Horger and Mike Walsh proved to be the leaders of this year's team.

Cheney also commented, "We can improve in the field and we don't make big plays when we're supposed to."

Although the team's defense is not the team's strongest area, timely hitting and great pitching have brought the Panthers to great success this season.

With many juniors and underclassmen returning, the 1995 season looks promising.



Whether it be pitching, batting, or catching, the Panther Baseball team made a tremendous effort this season.

GOLF

1994 Season ... 2-12-1

Drive...Chip...Putt

This year the Whitman-Hanson Athletic Department added golf to its immense number of interscholastic sports. The team has no official captains, but is led by Dan MacEachern and Sean Kenney. Both Sean and Dan have been golfing for almost three years. Both players can trace their knowledge of the game back to their fathers. Twelve players made the team including sophomore sensation and only female golfer Katie Cruise. Only the top six golfers represent Whitman-Hanson at their matches. The Panthers are coached by Mr. Robert Belden, who is an excellent golfer, and by Asst. Coach Rich Manning. Dan MacEachern says of Coach Belden, "Mr. Belden has taken a lot of time out for us and has bought us teaching aids that helped us improve our game overall." In general, the team calls Mr. Belden "a funny guy." Sean Kenney commented about the game of golf in general by saying, "it is a real addictive game." Hopefully next year the Whitman-Hanson golf team will improve and maybe in a couple of years win the Atlantic Coast League Championship.

Couples...

Mike Tannian and Leanne Delory, one of W-H's many cute couples, enjoy the prom together.

(Left) Chris Murphy and Shannon Falcone, both seniors, take a break from dancing. (Top) Matt Busch, a senior, and his date, Kim Lawlor, a junior, stop and smile before heading for the limo.(Right) Mike Cullinan, a senior, and his date, Heather Fowler, a junior, stop and discuss their after prom plans.

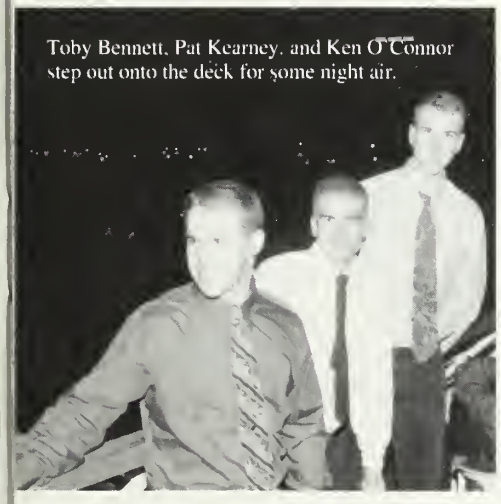
Senior Banquet May 31, 1994

The gang patiently awaits departure from the dock .

This Year's Senior Banquet was held aboard the Spirit of Boston. The students ate their dinner as they cruised Boston Harbor and later on they participated in dancing and activities like Limbo. A wonderful time was had by all!



Toby Bennett, Pat Kearney, and Ken O'Connor step out onto the deck for some night air.

"Hey, I do impressions!" says Tom Connolly. "I'm not a crook!" Jeff Horger looks on, "Connolly! Quit showing off!"

Rebecca Smith and Andrea Svagdys pose for a picture. "Oh Steve! Must you attempt to get into every picture!?"

Tim Driscoll and Pete Daley loosen up after dinner.

C-ya...

One way W-H students expressed their mixed feelings about graduation could be seen on the tops of their heads.

Michelle Gocioni waves a last smiling goodbye to Whitman-Hanson.

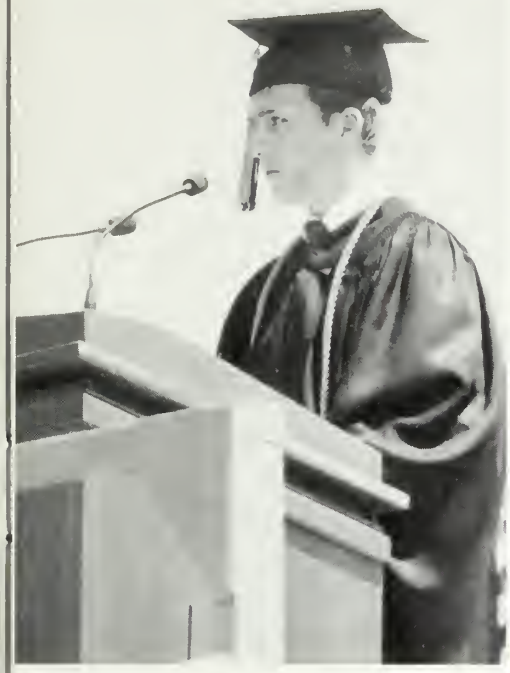
Lisa Dolan lets the kid in her shine through as she has her own private graduation party at her seat.

Yon Hanlon proudly shakes Mr. Gay's hand after receiving his award.

Graduation June 4, 1994

Dr. Avery and Mrs. Buckley lead the faculty members and graduates onto the field.

Whitman-Hanson's Class of 1994 graduated on June 4, 1994. It was an impressive ceremony, from the award presentations to Mr. Belden's Teacher of the Year speech. Awards, such as those for the winners of the Spellman competition, were presented to Juniors as well as to Seniors. The Class of 1944 also attended the ceremony to receive honorary diplomas and make the day even more special and memorable for the Class of '94.



Below: Mr. George Hines, retiring head of the W-H Science Department, was honored at graduation when an award in his name was established.

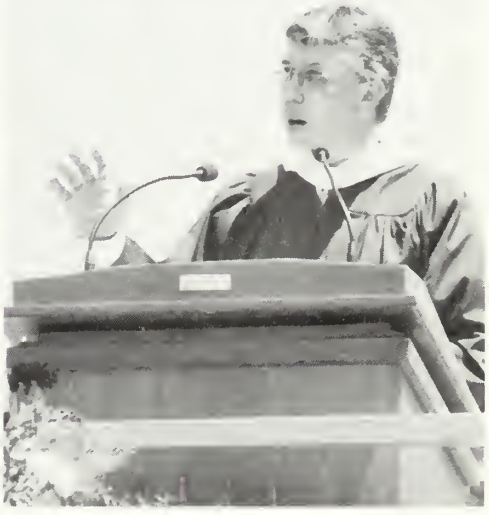
Mrs. Buckley delivers some opening comments.

The Class of 1944 enters the field to receive their honorary diplomas.



"The chicken is involved, the pig is committed," said Mr. Bob Belden, when discussing commitment in his Teacher of the Year Speech.

Memories are everywhere! Whether they make people laugh or cry, rejoice or become sad, memories are created from ordinary occurrences and from special events. Photographs allow people to relive their memories and many bring tears of joy or sadness. These photographs demonstrate some of the most relivable memories of our senior class from grade school through high school. These memories will always leave a lasting impression on the Class of 1994.

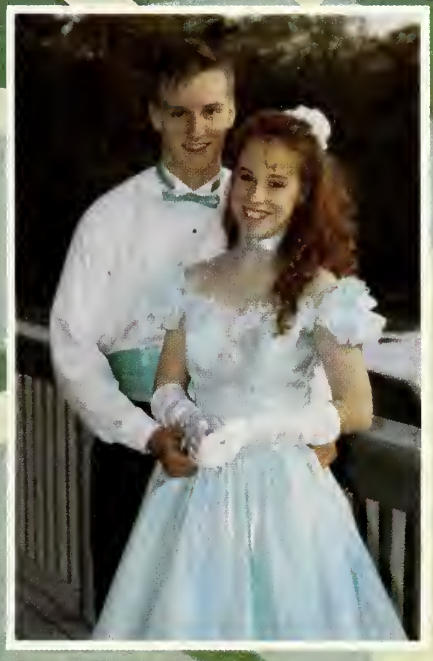
as a prom
could be.
Held at the
Pembroke Country Club,
inside and out,
everyone there had
a great time
no doubt.
We couldn't have asked
for better weather;
these memories we've shared
will last
forever.

Laurie Grzelak

Chris Murphy and Shannon Falcone share a warm embrace.



Pete MacFaden and Bridget Condon look as though they belong in *Gone With the Wind!*

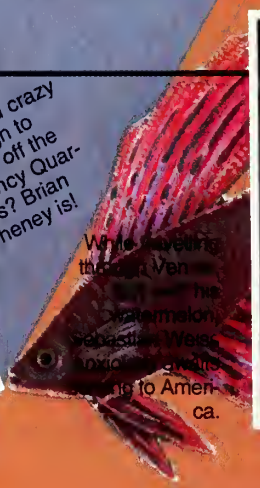
These girls really know how to light up a room!

Kerri O'Connell and Brenda Cayon hope Sean Dynan does not think this picture is for him!

Cindy Gordon, Christina Franco, and Pam Meagher show a little leg.

So many girls .... so little time!

Are you crazy enough to jump off the Quincy Quarries? Brian Cheney is!



While traveling through Venezuela, [illegible] met Sebastian Weiss, [illegible] to America.

SUMMER

Nicky Corson and Noelle Wadman get a little closer at Nantasket Beach.

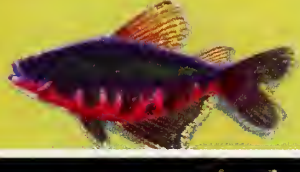
Kara Finneran and Debbie Brack snack at Duxbury Beach while trying to catch a glimpse of a shooting star during the meteor shower in August '93.

Jenn Doyle and Jessica Shutt play Cowboys and Indians at Six Flags Theme Park in N.J.

Summer-What does it mean? To some students, summer is a time of fun, sand, sun, and parties. To other students, summer is a time to work during the day and to have fun all night. Most students agree with August Silva in saying that summer is just "too short." According to Miranda Cavan and Emilie Brooks, summer is a time "to go to the beach with friends." Senior Lorien Russell explains that "this was the last summer to enjoy before leaving high school and going into the real world, so it was best to make the most of it." Altogether, summer is anything that a person wants it to be.

Christina Harrington and Meaghan Clinton

Pam Meagher, Melissa Meehan, Debbie Brack, and Jenn Doyle enjoy the day at Oak Bluffs, Martha's Vineyard.



Shawn Burke, Rob Holt, Tom Connolly, Pete Jansky, Pete MacFaden, T. J. Burke, Chris Bullock, Mike Taylor, Mike Walsh, Leo Purcell, Chris Bias, and Paul Jones Hangin' Out at Sean Dynan's annual First Day of Summer Bash.

Do these cars look like their owners? Hollie Donati's '76 Volare (above) has been known to carry on conversations with her. Do the dents in Jay Bouchard's Ford Ranger (below) reflect his driving expertise?

Deidre Harwich and Bridget Condon relax on Bridget's '84 Chrysler after stopping at Papa Gino's.

John Teehan stands with his '85 SAAB before he enters W-H for another day of classes.

Tammi Thorpe and Amy Skoglund pose on Tammi's '73 Beetle.

Mike Paulding awaits practice with his '81 Pontiac Grand Prix.

CARS

Leanne Duffy is taking off early with her senior privileges.

Jeff Walker is just standing around on Brian Cheney's mighty '74 Ford.

Cars are a tool
we use everyday.
We don't think much
about them
at work or at play.
They certainly are a big part
in the years
we're at school -
to drive very fast, or just to
look cool.
Through times
we're alone,
or with lots of friends,
we'll all be there
right to the
bitter end.
They've taken us places
we've never seen,
or even to places
we always have been.
So, remember the times
they've always
been there,
and all the good times
you've had to share.

Jason Knox &
Ed Lawrence

Dennis Keating, peering through the front windshield of his '80 Chevy Celebrity, wishes everyone peace.

Dennis Kailher, John Teehan and Pete MacFaden hang out after school on Pete's '64 Maverick.

Vaughn Nickerson and Rich Nawazelski try to hide the dent in Vaughn's Nissan truck.

Sebastian Weiss, W-H Foreign Exchange student from Germany, shyly smiles for a picture.

Amy Gomes takes color coordination seriously. Check out those matching socks.

Wendi Philbrook, influenced by the surrounding Shakespearean posters, dreamily thinks of her Romeo, Paul.

Mrs. Kaval magically pops out of a desk in the midst of Jeff Walker, Amy Skoglund, Jenn Tolson, Noelle Wadman, Harry Tavenor, Tammi Thorp, John Teahan, and Mark Trotta.

Mr. Belden's homeroom takes time out from his early morning antics to smile pretty for the camera.

John Teahan supports the senior class fundraiser by buying a box of M & M's for himself. Well, that's only 60 small boxes.

Keith Puliafico admits, "My locker really is a mess!"

SENIOR CANDIDS

Each senior at W-H has his or her own style, making this year's senior class, as a whole, a unique and special group. Senior individuality can easily be seen in the halls of W-H. One can see some seniors scurrying to compare homework, while others discuss their plans for the up-coming weekend. Some students hurry to class alone, while others linger in large groups until the warning bell. No matter what aspect of school is discussed, whether it be studies and scholarships or parties and plans, each senior takes an individual stand on it. The class of 1994, with its unique individuality, has definitely made a lasting impression.

Meri Donati

Rob Murray and Farah Neilson are overwhelmed with the opportunity to pose for a picture.

Marlena Quinonez, Pamela Meagher and Lauren Salemme show the different styles of Whitman-Hanson.

Lauren Salemme sets a great fashion statement. "Isn't she cute!"

Tom Connolly, Nicky Corson, Katie Glynn and Jason Costantino make a great photo opportunity in the shiny W-H halls.

Joe Kenealy and Peter Jansky discuss the weekend plans ... fun or no fun?

SENIOR SUPERLATIVES

The 1994 Senior Superlatives are a variety of impressions that this year's seniors will leave to Whitman-Hanson. The Superlatives are representations of the types of seniors the Class of 1994 consists of. Interestingly enough, although a senior boy and girl is voted for each category, sometimes the boy and girl are decidedly different. Each has his own personality and has contributed a great deal to his class. Mr. and Miss Whitman-Hanson represent the two most spirited members of the Class of 1994. They have been leaders all through high school in all aspects of student life, whether it be academics or athletics. They have proven their true "Panther Pride".

Freshman year,
Oh, what a blast.
It seems so far
In the past.

Whitman and Hanson
Joined together.
We created friends
We would have forever.

Although the milkman
Gave it a shot,
It was Mike
Who filled the treasurer's slot.

Laura, Kerri and Amy
Would also prevail.
But we still couldn't handle
The boxer shorts sale.

At the Freshman-Senior Banquet
We felt we finally fit in
But at the rally
We learned we had yet to begin.

Mid-years and finals
A new experience this year
When we saw what was on them
It brought us to tears.

Spring rolled around
Another year through
We went to Water Country
And Fenway Park, too.

New experiences,
there were many, Nothing like before.
More things to look forward to
As the Class of '94.

Throughout our Sophomore year
Not too much occurred.
When we think back to '92,
It all seems rather blurred.

We do seem to recall
A few distinct days
Like the food fight in lunch
And the havoc we raised.

The car wash was fun
And it made money, too,
But the best day was when
The septic system blew.

Pretzels were now sold
At the mighty snack bar,
And out on the court
Breda Flynn was the star.

When the finals were over
And sophomore year was done,
We all came to realize
That it was the worst one.

Do you recognize who we are? Today we are Seniors; in the photos we were Freshmen. Haven't we changed? Above: Cynthia Gordon, Bryan Cheney, Bonnie Kaplan, Peter Daley, Lauren Salemme, and Keith Puliafico.

The beginning of the end
Was finally here.
We were no longer Underclassmen
It was our Junior year.

We had our elections
And picked Laura, Kerri, Trish and Michelle.
Now what about those boxers?
Will they ever sell?

There was no Powder Puff for the girls
Or cheers from the guys,
But Panther Pride was strong
In our spirited eyes.

When the rally came around
Our wall was first rate,
But because of the snow
To the semi we were late.

ID Cards were new
We showed them about.
Spellmans and SAT's,
Left us in doubt.

Getting our licenses
We thought we were cool
And we tried to get away
With driving to school.

The Lock-In was a blast;
Six Flags was fun.
We looked forward to the summer
When our exams would be done.

All dressed up in our very best,
We posed for prom pictures in the light,
Then off came our jackets, ties and shoes
And we danced to "Wonderful Tonight."

With thoughts of our future
We entered with fear,
Still all of us knew
We were Seniors this year.

The Freshmen at the Banquet
Were really okay,
We tried to forget
That we ever acted that way.

English nearly broke us
With Spellmans and such
Giving us sleepless nights
With our own hair to clutch.

Football won the League again.
Ten years straight ... what else is new!
Hey, check out the Cross-Country team
They're League Champions, too.

The prom was expensive,
But no small surprise.
We left filled with memories
And tears in our eyes.

And still here they sit,
Our boxers unsold.
Now no one will buy them
Because they're too old.

At the Senior Banquet
There was dinner, dancing, slide shows, too.
Preparing for graduation
Was the only thing left to do.

Graduation day
Will soon be here
Marking the end
Of our high school career.

Our last time as '94,
Together as one.
We leave fond memories
For the years to come.

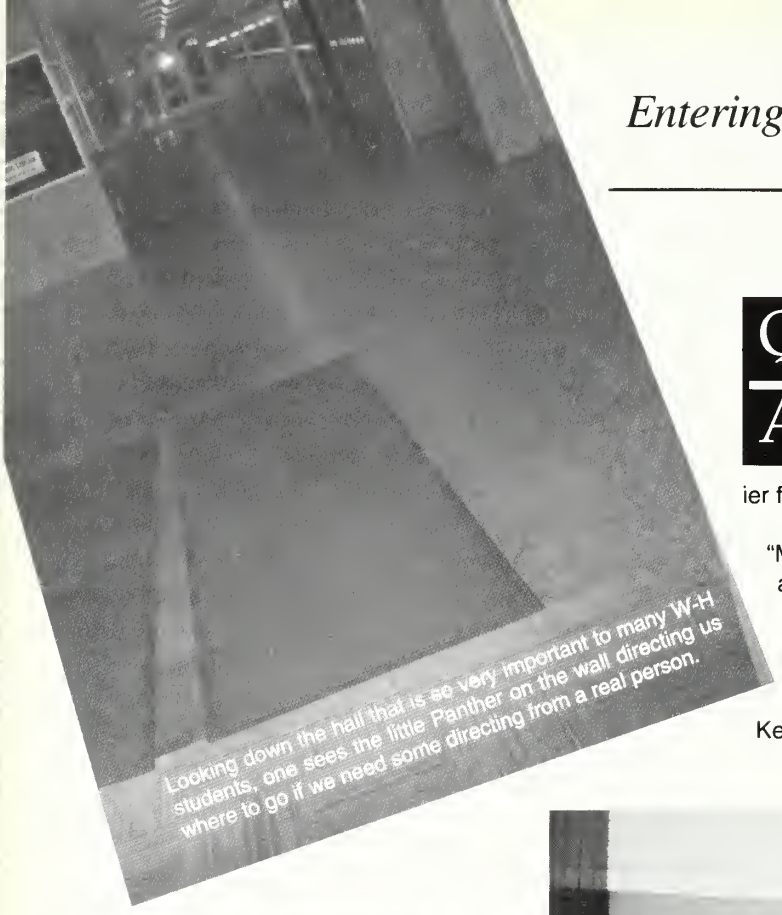
GUIDANCE



Looking down the hall that is so very important to many W-H students, one sees the little Panther on the wall directing us where to go if we need some directing from a real person.

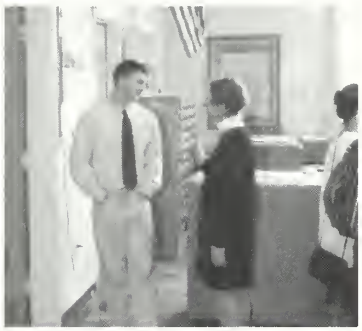
Q *What guidance practice did you most benefit from?*

A "Mr. Korey was excellent to go to for advice. He really helped me when I was applying for colleges. That whole college chaos about SAT's, Financial Aid, College Applications, etc. was made a lot easier from his efforts." ... Margo MacPhail

"Mostly in getting information from colleges or discussing future plans after graduation." ...Anonymous

"Using the computer to type out reports" ... Farah Neilson

"I got a lot of input about schools from the college fairs." ... Joe Kenealy



"This is a day for discussing academics at college, not girls! Now go back there and ask about the math department at Syracuse University," says Mrs. Howard to Senior Mike Taylor.

Jim Fitzgerald shares with some W-H seniors his recent experiences at Emerson College during the day 1993 grads came back to tell 1994 future grads what college is really like.

Mr. Donald Sullivan, Director of Guidance, goes over PSAT Scores with Angela Spetrini.

Mr. Souther updates Brendan McVay, a W-H 1993 graduate who currently attends Georgetown University, on this year's stats of the math team.

Kerry Derosier, Guidance Options Student, happily makes an appointment for Andrea Hall.

Continuing Past Guidance and up the stairs ...

PHYSICAL EDUCATION—HEALTH/CLINIC

Steve Wozniak serves the volleyball hoping to gain some points for his team.

Michelle Govoni and Debbie Saunders "sport" grins as the clinic just excused them from physical education.

Although Danielle LaCombe bumped the ball in the wrong direction, she still "manages" to smile.

Q *What is your favorite activity in your Physical Education Class and why?*

A "Football - it's good to know that we are treated equally now." Kelly Dynan

"My favorite activity in gym class is volleyball. When I was a freshman, I served the ball and it bounced off a senior's head; ever since then it has been a challenge for me to repeat this feat at least once a year." Rebecca Eaton

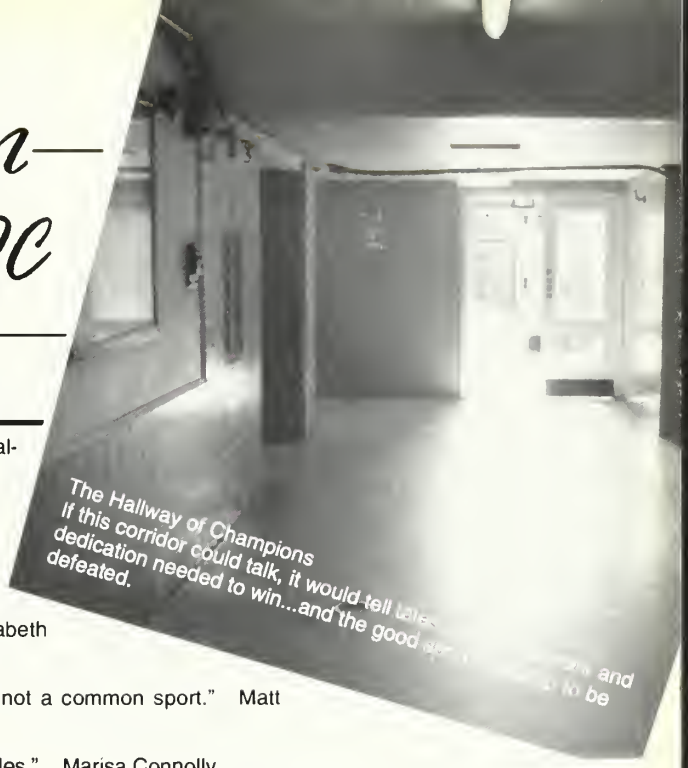
"Track because there is no equipment to get hit with." Elizabeth Robinson

"My favorite activity in phys.ed. is cage ball, because it is not a common sport." Matt Melanson

"I especially enjoy playing floor hockey with socks on the blades." Marisa Connolly

"Volleyball allows even the weakest athlete to compete successfully with his peers." Steven Park

"Girls' football with Mr. Newcomb. That's something I'll never forget." JoAnn Valle



The Hallway of Champions
If this corridor could talk, it would tell tale[s] and dedication needed to win...and the good [s]pirit to be defeated.

The panther looks aggressive as he's on the prowl, but Danielle LaCombe and Courtney Morgan are smiling to show their team spirit.

The New Spring Track ...

Thanks to the Whitman VFW, the Spring Track Team has "Panther Pride" in both its skill and track.

While Mrs. Lambert calls to verify an excused note, Mrs. Willett excuses a gym student before waiting on Amy Donnellan.▶

Senior Lisa Jarrett, who works at the office M... the late arrivals to wander into the office to sign ...

Q *What was the one most significant favor which the main office did for you?*

A "The office gave me in-school suspension on days I was tired, so I could sleep." Farah Neilson

"They went to Papa Gino's to get me a large pizza and a small Slice drink." Dan Kelley

"When I had surgery, they let me postpone office detention." Eddie Lawrence

"They let me go out to my car to make sure my lights were turned off." Cheryl Keniston

"They understood when I came in late, held my balloons for me on my birthday; and Mrs. Meserve was very nice helping me to fill out my form when I turned eighteen." Emilie Brooks

"Spelled my name right on the honor roll." Wayne Alden

"Kept my lunch for me when my mom brought it in." John Ellis

Mr. Newcomb seriously peruses yet another important office directive, while Bill Evans stops in to chat informally with his friends in the office.

Mr. Alperen is all business as he confers with Tricia Calnan.

Business in the principal's office continues as usual as our Panther helps Senior Mike Walsh and Junior Ezra Baldwin on the day of the Thanksgiving Rally.

Mr. Gay adopts his usual GQ pose.

OUTER LIMITS

Whitman-Hanson goes through, like all of the surrounding New England towns, the beautiful changing of the seasons. As the seasons change, one element remains the same ... one can always find W-H students in the outer limits of the school.

In the fall, students walk to buses and to classes in the warm September sun and can appreciate the wealth of color that surrounds Whitman-Hanson. They linger as long as they can in the warm fall weather during locker break.

As the leaves fall, winter approaches, and students either walk the long way to classes via the inside corridors of the building or hurry through the chilly quadrangle to their next warm class. Sometimes, when most of the school population goes out of its way to avoid an outdoor obstacle, such as the puddles this winter, there are always a few brave, or maybe daring, people who are willing to face the challenge.

W-H welcomes the long-awaited arrival of spring, and the days become sunnier and a bit longer. Students seem to ... hurry less and appreciate the new life around them ... and that feeling in spring returns ... that love is in the air.

And so ends another year at Whitman-Hanson. The students may come and go, but the changes of the seasons go on and on ... forever. And, of course, W-H students can always be found outside doing what they do best - having fun, whether it be at a Panther football game or just talking with friends. Chris & Amy

1993 Season ... 9-8-1

Pass ... Shoot ... Score

The Boys Varsity Soccer Team led by Coach Barrington and Co-Captains Mike Taylor and Matt Sawatzky finished the season with an improved final record of 9-8-1. The high point of the season, according to Sawatzky, was the 3-2 victory over Rockland. This was the first time the boys ever beat Rockland in Atlantic Coast League play.

Even though the majority of the team was underclassmen, seniors Mike Taylor, Damon Stanton, Chris Bullock, Mike Cullinan, and Jeff Horger led the team with their experience. The Panthers not only had a young team, they also had a new face - Eric Runci - who had a large impact on the successful outcome of the Varsity Team.

The Enterprise All Scholastic player, Matt Sawatzky, led the team to victory with ten goals and two assists, making him the team's lead scorer. Also, two year starter Alex Karalexis had a well-rounded season.

Mike Taylor summed up the victorious season by saying "It turned out better than I thought it would be and next year should be even better."

Speed ... Endurance ... Time

It was a really great season for the Boys Cross Country Team. They ran to an 8-0 record this season and they placed first in the Atlantic Coast League. Strong leadership of the team was provided by Seniors Daniel Lauricella and Eric Wisnaskas. Mr. Kevin Black did another spectacular job as the boy's coach.

The girls, however, were not quite as successful as the boys. It was still a fantastic season for everyone who was involved with the Girls Cross Country team. Senior Captains Amy Monahan and Cheryl Kenniston led the girls to a fifth place position in the Atlantic Coast League with a record of 2-5. Ms. Susan Moss, who had her one hundredth win this year, gave her all and coached the girls through a fine season.

FOOTBALL

1993 Season ... 7-0

Catch ... Run ... Touchdown

This year the 1993 Whitman-Hanson Varsity Football Team had another unbelievable season. When the season began Coach Bob Bancroft admitted that he had a doubt or two about his team. His doubts were put to rest when the team beat Division I powerhouse, Xaverian, 22-12.

Under the leadership of Co-Captains, Mike Minicucci and Tim Driscoll, the Panthers went on to win the Atlantic Coast League Championship for the tenth straight year. This year's League standouts for the team were quarterback Bill Frazier, running back Mike Crovo, wide receivers Jim O'Sullivan and Dennis Nash. Dennis also carried the team with his pin point precision kicking.

The Whitman-Hanson Basketball and Football Cheerleading Squads ere composed of some of the most dedicated girls in the school. In order to prepare to cheer our teams to victory, the cheerleeders practice everyday for at least two hours and cheer at games which occur a minimum of once a week. The cheerleaders have "secret pals" on the teams thet they cheer for. Before every home game, the cheerleaders buy goodies for their "secret pals" and make signs and decorations cheering them on. The cheerleaders are an integral part of W-H Football and Basketball action!

BOYS BASKETBALL

1994 Season ... 10-10

Rebound ... Drive ... Basket

The highlights of the 1994 Boys Varsity Basketball Season were their victory in the Sacred Heart Tournament, a feat which had never been accomplished before, and winning against Marshfield, a tough team which had felt confident about beating the Panthers. These successes were due to teamwork and the players' love for their sport.

The strengths of the team pulled them together, even when offense or defense weren't working. "The most difficult aspect of this season were the close games we lost but should have won," said Co-Captain Jim O'Sullivan.

The year's record doesn't accurately reflect the team's effort, the players' capabilities, or Coach Sweeney's dedication and love for basketball. "He believed all along that we were good and stuck with us," said O'Sullivan. Co-Captains Mike Taylor and Jim O'Sullivan are both graduating this year. Next season looks promising with players like Steve Balsis and Chris McEwan showing maturity and development of ball handling. In addition, their tremendous strength, height, and talent should make the Panthers the team to beat next year.

Mike Taylor, strong in his views, says that he hopes that next year's team remembers to "play hard, stay with it, and do the best they can."

Co-Captains Mike Taylor and Jimmy O'Sullivan were proud to be a part of "a very well-rounded team" during their last season at Whitman-Hanson.

Girls Basketball Record

1994 Season ... 18-2

Pass ... Dribble ... Shoot

They've done it! The W-H Girls Varsity Basketball Team worked hard and won the Atlantic Coast League Championship. Co-Captain Erin Hurley said the team's chances of winning were excellent as long as " ... we play hard, want to win badly enough, and BOX-OUT ... ". Coach Daley added, "Once this team believed in itself, they were able to achieve the success they have."

The first highlight of the season was a one point win over Duxbury; it was the W-H Girls' first game of the season, and their win got them off to a good start. A second highlight of the season was the 50 point win over Randolph. Co-Captain Laura Bates favored the Sandwich game as the highlight of the season because this game determined their league championship.

Hurley says, "Different members of the team stand out at different times. No one person stands out all the time. Coach Daley has made his team work hard, because he has wanted them to win." Pam Gould, the Assistant Varsity Coach, is "easy to talk to" and young enough that the girls can relate to her.

With only three graduating seniors, Tammi Thorp, Annmarie Melia, and Co-Captain Laura Bates, the remaining teammates should keep the Varsity Team powerful for next year.

To next year's team, Laura Bates says, " ... work hard, play like a team, and never give up."

At the State Relays Meet, however, the relay team of Lisa Jarrett, Colleen Barry, Michele Mendes, and Kim Wessling placed third in the sprint medley, bringing home a bronze medal.

Both teams tried exceptionally hard and overall had a successful and fun season.

Captain Julie Greenlaw said, "Although we didn't pull it off, the girls tried their hardest at each meet and even turned out some state qualifiers. Both teams did a great job."

Girls Indoor Track Captains Leeanne Delory, Lisa Jarrett, and Julie Greenlaw led the team with pride throughout the 1994 season. All three girls have put in a lot of work for the track team during their high school years.

Attack ... For ... Six

Exceptional ... awesome ... exceeded all expectations ... the best year ever ... are words and phrases that aptly describe the 1994 W-H Wrestling Season.

The young team, its veteran coach, Mr. Robert Gay, and new assistant, Dale Smith, accomplished successes no other wrestling team ever has before. The '94 team was the first ever to go undefeated, 20-0.

The team also took various titles including: Atlantic Coast League Championship, for the third year in a row; first place in the W-H Invitational Tournament, for the second year in a row; and first place at Division II South Sectional Tournament.

Never before has a W-H wrestling team taken so many and such various titles in the same year. The '94 team was the first team to ever go undefeated, win its league, win a tournament, and its section all in the happening of one season.

Named Wrestling Coach of the Year by his fellow wrestling coaches, Coach Gay says of his team, "They have been a very special group - hard working, dedicated, yet a lot of fun to coach. I'll always remember this season and its many successes. More importantly, though, I'll never forget the young men who contributed to our most successful season ever."

1994 Season ... 15-4

Skate ... Pass ... Score

From losers to winners. The last three years have shown a steady improvement in the development of the Whitman-Hanson Hockey Team.

This year, Coaches Bob Corliss and Dave Pierce have led the Panthers to a great 1994 season. The team has possessed the skills as well as the discipline needed to take them to the number one spot. In mid-February, W-H's position in Division II of the Atlantic Coast League will be determined. First place is a possibility.

The highlight of this year's season was the victory over Hingham. Hingham had been undefeated for the past four years and was beaten by the power, will, and determination of the Panthers. Ray Geever, scoring the only goal in the game, led the Panthers to their biggest victory of the seniors' four years at Whitman-Hanson.

Brian Balasco (Junior-#16), older brother of fellow hockey player Andy Balasco (Sophomore), starts off the game with a winning face-off.

The Captains of the Varsity Hockey Team are all, unusually enough, Juniors. Patrick Noone, Ron Savill, and Mark Christensen led the Panthers through an excellent season.

Self Satisfaction ... Pleasure ... Medals

Ms. Moss and Yon Hanlon share a special moment during the awards ceremonies.

This year's Special Olympics Competition held in Marshfield was a success for the W-H students. Students Bob Hammond, Kim MacDonald, Jackie Deegan, Cecilie Lynch, Yon Hanlon, Kurt Dosenberg, Sean McKenna, and Bill Campbell all won one or more gold medals this year!

The students competed in events including bicycling, swimming, track + field, basketball, and bowling. Each gave his top performance.

Ms. Sue Moss, head coach, has something to be very proud of ... the satisfaction of seeing these aspiring young athletes work for pleasure and self satisfaction.

Ms. Moss stated that everyone gives a great deal of effort, but she must commend Jackie Deegan for her overwhelming athletic ability in every event.

HOCKEY CHEERLEADING

This year was a special year for th Hockey Cheerleaders. There wasn't a J squad, just one Varsity Squad which wa very large and very strong.

The girls worked hard and their effort were obvious at the games. At eac home game the girls supported the play ers by hanging over twenty school spir ed signs and streaming red, black, an white crepe paper over the entrance th boys passed through to the ice.

Jenn Knox joined Mrs. Knox and Mrs Stiger in guiding the hockey cheerleader to become a very strong squad. It was great year; the girls came onto the squa as strangers and left the squad as friend Junior Captains Deana Sabbag an Stacy Calnan were strong leaders for th squad. Senior Captains Margo MacPha and Christina Franco agree that thi year's squad was definitely one they' miss and a role model for future years.

COMPETITION CHEERLEADING

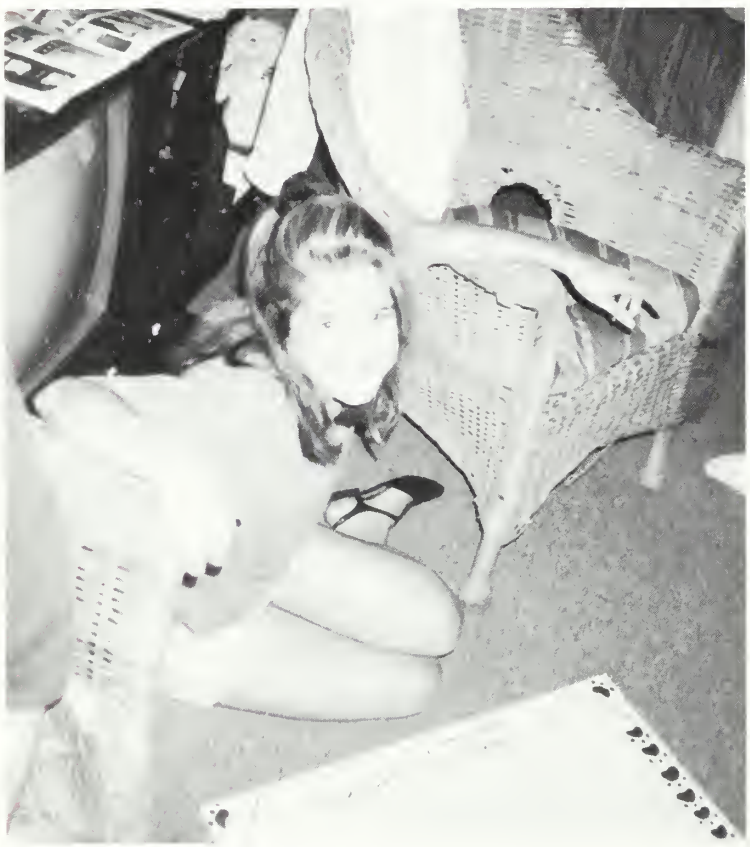
The Competition Cheerleading Squa consists of cheerleaders from grades 9 12. To qualify for a coveted competitio cheerleading spot, one must have bee either a football or basketball chee leader. The advisors for the squad ar Mrs. Maureen MacKenzie and Mrs Katherine Getchell. Christine May, Kir Lawlor, and Amy Golden are captains o the squad. These girls practice all yea long, even over the summer and dunn the football and basketball seasons. Thi year, for the first time, the W-H competi tion squad hired two college cheerleader from the NCA (National Cheerleader Association) to professionally chore graph their routine.

The competition cheerleaders chee for the thrill of competition rather than fo a sports team. This year, the competitio squad is entered into three major compe titions which take place in February an March. Amy Golden, Captain of th squad says, "I think we have a real goo chance this year to bring back to W-H a least one trophy. We've worked hard an we really care about our sport."

Spirited and supportive! Whether it be the Competition Cheerleaders or the Hockey Cheerleaders, the two squads have the same goal ... support and enthusiasm for Whitman-Hanson. Kim Lawlor (Comp.), Stacie Calnan (Hockey), Courtney Morgan (Comp.) and Deana Sabbag (Hockey) are all perfect examples of their team's spirit.

e Whitman-Hanson Foreign Language Club held its first special vent of the year on November 19. "The Mexican Dance Group, El ballé Folklórico did a wonderful job at giving W-H students a quick glimpse into Mexican culture," said Christina Harrington, FLC Presi-dent. Christina; Kristina Johnson; Becky Eaton, Treasurer; and Mrs. Cheryl Daily, Advisor, pose for a moment after the presentation.

Mrs. Colleen Patterson, SC Co-Advisor, Katy Pearson, and Shannon Colby are pleased with their "Welcome Freshmen" signs for the first day of school.



Amy Giaquinta works comfortably at Deidre Harwich's home as the SC Members prepare signs to welcome the freshmen. She knows that Mr. Resnick, SC Co-Advisor, will be pleased with their productivity.

Sarrah Quilty , W-H Junior, won a Gold Key Award in the Boston Globe Scholastic Art Contest for this photo of her brother and his playmates. Sarrah took these photos for herself and not for a class. "To me it's just a photograph ... I'm not really a photographer; I'm an artist."

ISSUES and DECISIONS

Leader ... athlete ... student ... are words which aptly describe W-H's Senior, Sean Dynan. As President of Student Council, State Wrestling Champion for Division II in the 152 pound weight category, and 11th in his class, Dynan has a high school record which makes him an outstanding representative of the Class of '94.

Dynan, who has applied to West Point, the Naval Academy, and Cornell University, says he wrote one college essay about his role as President of W-H's Student Council, the extracurricular activity which has affected him the most. This role has given him the "most satisfaction" as he has enjoyed "getting things done ... leading the elite ... and having fun doing it."

As President of W-H's Student Council, Dynan is responsible for Camp Kiwanee, running SC meetings and executive board meetings, and organizing activities for the school. Presently, Dynan is working on two new ventures for the W-H student body, Decade Week, which will be held in April, and a Video Dance. This fall the SC worked successfully on a welcoming the freshmen program and a dance DJ'd by The Boston Beat, at which "the guys" dressed as the Village People.

Dynan perceives his State Wrestling Championship as the most exciting point about himself. He has wrestled all four years at W-H under the direction of Coach Robert Gay. He has also played offensive and defensive guard for the W-H football team, been named an ACL Football All Star for Defense, run Spring Track, and this year has the lead role in the Drama Club's production of *The Little Shop of Horrors.*

Dynan, with that slight smile which brightens his often serious face, says he is aiming to be a lawyer or a politician. "I want to be out there ... I want to be heard."

When asked about his idol ... his role model ... Dynan thoughtfully replied ... "my father. He raised me. He's my dad." Looking forward to becoming an officer in the military himself, at least for a few years, Dynan will be following in the footsteps of his father who has been in the marines for 24 years.

About W-H, Dynan says its biggest problem is its "green tiles. They should be red and black." W-H's greatest asset is "our spirit."

Again with that slight smile, Dynan concluded his comments with the fact that he will miss W-H. "It's been a great feeling to walk down the corridors and to feel that you have somewhere to go."

Update: Sean has recently been accepted by West Point and received his ROTC scholarship from Cornell University.

"Bonnie is the voice of sanity ... the realist of Student Council ... the one who says, 'Wait a minute; that won't work,'' says Sean Dynan of SC Secretary, Bonnie Kaplan.

Bonnie has served in SC for all four years at W-H. She plans to attend Hofstra University in New York in the fall and major in International Business. Her goal ... to travel to Europe and to work in a bank in Spain.

INSTRUMENTS and VOICES

"Music is like a release to me," says talented W-H musician Sean Ahern. "When I am stressed, music relaxes me. I have no stress." A senior this year, Sean has been involved in music since the 4th grade, when he began trumpet lessons in the Whitman Public Schools' music program.

Sean's credits, in addition to belonging to the W-H Marching Band, Concert Band, Jazz Band, and having won competitive positions in All-State, District, and SEMSBA, also include his spot as third trumpet in the Greater Boston Youth Symphony Orchestra. This group practices every Sunday at Boston University and is preparing for a trip to the Scandinavian Countries during April vacation. Sean says, "I've had great fun in belonging to this group because the orchestra is extraordinary and the level of musicianship is also extraordinary."

Junior Brian McLaughlin, also a W-H trumpet player, says his first instrument, however, is the piano. "I express myself through my piano. If I get agitated, nervous, or tense, I play the piano or listen to music." Brian credits his sister who inspired him when he was four to begin studying the piano. In the fourth grade he began clarinet lessons, and in the fifth grade he began playing the trumpet. He has been in the Marching Band since the 6th grade and the Jazz and Concert Bands since the 7th grade.

Sean and Brian, citing names like trumpeter Tim Morrison, pianist Billy Joel, and composer John Williams as their idols and role models, have very different futures planned for themselves. Sean will pursue a career in music performance and education; Brian sees music assuming a secondary role in his future as he plans to pursue a career in marine biology.

SERVICE and COMMUNITY

The members of the Key Club obviously knew what they were doing when they elected Christine Bono as President last May. In June of the same year she won an award from the Kiwanis Clubs of Whitman and Hanson for her outstanding participation in the Key Club. Only a sophomore, Christine leads the group in their efforts to serve the community.

The Key Club is sponsored by the Kiwanis Clubs of Whitman and Hanson . The Key Club is dedicated to bettering both the school and the surrounding communities.

Although Christine spends most of her time working with the Key Club, it is by no means her one and only activity. She is a dedicated member of SEAC (Student Environmental Awareness Club) and a dedicated member of the Recycling Club. Christine also is a member of PROTECT and has joined W-H's newest club, SADD. Out of school, Christine takes dance classes. She has been involved in dance competitions since she was 5 years old.

This year's Key Club is a mostly upper class group, which makes being President as a sophomore an even bigger accomplishment. Christine says that one of the group's major projects this year is working at being more visible and recognized within the school. She hopes that this will attract new members with new ideas ... perhaps even some underclassmen. Of course, this project will have to take a second seat to such tasks as raising money for the Pine Street Inn. Another project, one of the Key Club's biggest, is working with the Special Olympics.

Mr. Thrasher had this to say about Christine: "Christine works hard to keep Key Club together. It isn't easy to juggle club meetings, writing agenda, and attending District meetings while getting members to participate in scheduled events and regular club meetings. She has learned the necessary qualities to motivate her peers and to nag them if they don't get motivated- signs of a good president. She also always puts personal plans aside to attend and help at all Special Olympic Events."

Christine, it would seem, doesn't realize the tremendous effect that her reaching out has on people. When asked why it is that she is involved with a group like the Key Club, she responded with a humble, "I get to help people and have fun doing it."

August Silva recently entered this painting in The Boston Globe Scholastic Art Awards Contest. He was one of ten students from Massachusetts to win a Gold Key, the highest award given out. August's creativity, imagination, and feelings come alive in his art. This drawing, done on illustration board, was August's first time using an air and dry brush, and was, according to August, "a kind of experiment." August's great talent is obvious in that he turned "Just an experiment" into a prize-winning work of art. His drawing took him ten hours to create. The 12" by 8" drawing deals with an "Emotional triangle." August says , "I am the man in the back alone. I see my friends with their relationships, and even though I'm in the back, I am always there to help if they need advice. It is very strange to have a piece of work that expresses my emotions win a prize in such a contest." He also adds, "It is very surprising knowing that I can grab someone's attention with a drawing." August has really captured the essence of reality in this outstanding drawing and has displayed his fabulous artistic talent. Congratulations August!

WORDS and VOICES

Whitman-Hanson's 1000 students and 150 personnel are transported from their semi-sleepless state to one of getting about daily business as a result of of Seniors, Rosie Cowles and Matt DeGrechie, W-H's very own WHRC radio personnel.

Rosie and Matt have both been involved in WHRC since they were sophomores. Rosie's main function is "trying to decipher the handwriting of the various morning announcements" and reading them during the brief time allotted during homeroom; Matt is the behind the scenes person responsible for the mechanics and engineering of keeping the station on the air.

One of the challenging aspects of keeping the station pleasing to all is the selection of music played. Rosie says, "We have our limitations based on school policy that no heavy metal or rap be played." Other than these mandates, the DJ's can select their own music to play over the air. Mr. Belden, WHRC Advisor, gives the students free choice and even, says Rosie "brings in some of his own classical stuff"which they play on occasion "to keep him happy".

Both students agreed that Mr. Belden is their role model. "He's so smart," says Rosie. "Whenever you have a problem, he's there ... he listens ... he's also really funny - at times."

Rosie is headed for either UMass at Dartmouth or UMaine at Machias next year to study Marine Biology. Matt will be studying Commuications/TVRadio Broadcasting at Bridgewater State College.

This year a group of students approached Mrs. Beth Anderson about starting a new chapter of SADD. Mrs. Anderson suggested that they approach the school committee for approval to start a group. The school committee approved and now Whitman-Hanson has a new club with a new meaning - Students Against Drinking and Drugs. There are currently 132 members of SADD and the majority of them have had their lives impacted in some way by alcohol or drugs. The active members of the group are trusted on an honor basis not to drink or use drugs. In May, the group plans to re-enact, on the front lawn of the high school, a fatal drinking and driving car accident. This re-enactment will be seen by W-H juniors and seniors. SADD Officers Jim Sweeney (President), Karen Hurley (Vice-President), Margo MacPhail (Secretary), and Shannan Buckley (Treasurer) will work together with Mrs. Anderson and Liason Officer Scott Benton, Whitman Police Department, to make SADD a complete success.

Students Against Drinking and Drugs

The Cultural Awareness Club has been added just this year to the many organizations in the school and is among the most needed committees. The group has been steadily growing in both size and perception. The club is based upon the understanding of "different groups and the education of both classmates and teachers." The club intends to not only deal with immediate problems but to also go to the Middle Schools and Elementary Schools and educate the younger students in order to stop problems before they start. Although this group is working hard, it still has a long way to go in reaching its goal to simply make people aware of and to educate themselves against hate.

INTELLECT and AWARENESS

As we see him walking in the halls, we find ourselves almost intimidated by his intelligence ... Adam Connell, number 2 in his class, is one of Whitman-Hanson's most promising graduating seniors. However, when this staff sat down to interview him we found that in most ways he was a lot like everyone else.

Adam's achievements though are quite extraordinary. This term (11), Adam got all A's. He got a few A+'s, although he doesn't remember in what ... except Calculus in which he knows he got an A+, which he offered with a smile. He earned a combined score of 1400 on his SAT's and was a National Merit Scholarship Commended Student. He received a perfect score on the National Latin Exam. And to top it off he is President of the National Honor Society. Adam has been a great asset to the Math Team and has also run for the Cross Country Team in his four years at W-H. He said that on both teams he made some great friends. Apart from the academic world, Adam enjoys swimming, caving, and paint ball. Adam has a few personal achievements as well. He once tapped a pencil for a half hour. He also has read all 60 Sherlock Holmes novels. Adam said he relates to Sherlock Holmes. "We're somewhat alike ... He was someone that thought the way I do ... he was always alone in his opinion but turned out to be right."

In looking at his high school career in retrospect, Adam says that he wishes he had been more involved with class leadership, perhaps Student Council or Student Government. He says that it will be easy for him to leave Whitman and go to college. He'll enjoy the change in lifestyle. He says he doesn't like the everyday typical routine of high school. He gets up at 5:30-6:00, goes to school, and then goes through the regular sequence of classes. He says he almost wishes that there was an extra day here and there so he could catch up on sleep, listen to music, or work on the enormous amounts of homework. "I feel guilty sometimes if I sit down to listen to music or to just think, it's important to think ... because I know there is something else I could be doing ... So much to do, so little time."

The future lies ahead of Adam. He has applied to Cornell (his first choice), Harvard, Northeastern, Rensselaer Polytech, Worcester Polytech, and Georgetown. He has been accepted to Northeastern and may receive a full scholarship. Adam would like to major in mechanical engineering and hopes to get a job in or teach in this field.

As for the near future, well, his senior year is drawing to a close and he will be delivering his Salutatory address at graduation where he will leave his last impression. In his final comments Adam said that there is no other school he would rather have attended than W-H.

"I want the teachers to feel like they've accomplished something and I want to thank them. I want them to know that I feel grateful."

"He made the largest contribution to the school newspaper with his photos. He has a great attitude," says Mr. Delaney, Photography Club Advisor, of Sophomore Shawn Barry, Photography Club member. Shawn is shown here using the photo enlarger.

Freshman, Matt Melanson, and Computer Club Advisor, Mr. Stephansky, use the Internet on the computer in the library. The Internet is a network of computers all over the world. It is sometimes called the Information Superhighway because it contains such a mass of knowledge. Most of the meetings of the club are spent using the Internet. The Computer Club is always looking for new members to take advantage of their rarely used asset at W.H.R.H.S.

Kerrie Leahy, Christina Franco, Amy Figgins, Heather O'Leary, and Katie Glynn show their Photography Club skills during February vacation on their way to Cannon Mt. for two fun days of skiing.

GIZMOS and GADGETS

Eric Wisnaskas, Co-Captain of the Math Team, is an example of extreme academic excellence. As #1 in this year's graduating class, Eric contributes just as much outside of the academic world as he does inside.

Not only is Eric Vice-President of the National Honor Society, but he is Captain and MVP of Cross-Country, Captain of Winter Track, and participates in Spring Track. He was named MVP of the Math Team, of which he is Co-Captain with Adam Connell, for his consistently high scores.

The many awards Eric has received are evidence that his success is widespread. He was a National Merit Finalist, and he received the Bausch and Lomb Award for Math and Science at the 1993 graduation. He also has received the Superintendent's Award for Academic Excellence this year.

Eric is looking forward to college life. The colleges he has applied to include Harvard and Northeastern. He plans to study Chemistry, as he says he "likes playing with the chemicals". His love for the subject has been inspired by Mr. Hines.

Eric leaves Whitman-Hanson with a great deal of gratitude for many people. "I'd have to thank the teachers who have influenced my decisions." He is grateful to Mr. Cole for "giving him the value of history". Eric says he would also like to thank the select few who did become his friends. "I won't forget you."

Above: "This was a very spontaneous photo," said Senior Hollie Donati, a member of the W-H Photography Class. However, on Sunday, February 13th, Hollie received an Honorable Mention from the Boston Globe Scholastic Art award contest for this unusual shadow photograph. Mr. Delaney's assignment to the class was to capture a shadow with human like qualities. This W-H shirt (Hollie's gym shirt) was pulled from her car, quickly positioned on the parking lot outside the W-H cafeteria, and Leeanne Delory stood so her shadow would wear the shirt.

WORDS and FACTS

Only a Junior, Kristen Ibbitson has won an honor that Whitman-Hanson holds in high regard. Kristen, an AP History student, wrote a research paper for the Phi-Alpha-Theta Historical Writing Competition that won second place in Massachusetts. Students who participate in this endeavor start researching as early as October and submit their papers in December. Upon submission, the papers are judged by history professors from Framingham State College.

Kristen's paper about Anne Bradstreet came in second place out of 506 students. The point that Kristen made was that "Anne Bradstreet's writings dispel the presently held stereotypes of American Puritans".

Bradstreet was not only the first American Poet but she was also the first feminist as well. The typical stereotypes of Puritans state that they were unemotional and very strict.

The key to her successful paper was a good solid introduction to the paper. Ms. Gordon helped Kristen "immensely". Most of the students in her class passed their papers in on December 7; Kristen, however, passed hers in early before Thanksgiving. When she got her paper back, she made some recommended changes. Also key to her success was good research. Juggling a job and "a life", Kristen managed to utilize the resources of The Boston Public Library and the Bridgewater State College Library.

Kristen found out that she won second place a few days before mid-terms. Mr. Cole, her Directed Study teacher, gave her the good news. "When I first found out, I thought he was lying ... then when I saw that he wasn't I almost started crying." Along with Kristen, Eric Hobin and Mike Minicucci placed in the top ten out of the 506 students. Kristen skipped her Friday morning mid-terms to attend the awards ceremony at Framingham State College with Mr. Cole, Ms. Gordon, and Kristina Johnson.

After graduating from Whitman — Hanson, Kristen hopes to attend the University of Denver. There she would like to study business and the Russian Language. With an award like Framingham behind her, the future looks bright for Kristen.

PAGES and DEADLINES

A yearbook gives us a way to look back at the times that have passed. To make that happen though, one needs a dedicated staff. From a wonderful advisor, to a hardworking class, they all do their part to make sure that Whitman-Hanson gets the best yearbook it can possibly have.

A great amount of thanks is due to a woman, who without her W-H might not have the best yearbook. Mrs. Marsha Bergquist has found time in her life to make a very significant contribution to W-H. Mrs. Bergquist has stayed late nights many a time and has put in much more than your everyday advisor would. Her perseverance, perfectionism, and determination have been key factors in making the 1994 Retrospect a success.

Thanks is also due to my Assistant Editor Amy Miles. Amy, a Sophomore, has been a great asset to the Yearbook Staff this year. Her happy attitude and willingness to put in the extra time often inspired the rest of us to push on.

Thank you to all the teachers who let us interrupt their classes for pictures, and who allowed students to miss a class so they could help with something that we were busily trying to get done. Thank you to the homeroom teachers who allowed students to come upstairs during homeroom. Also, thank you, of course, to the parents for your support. Without your support much of this wouldn't be possible. Lastly, but by no means least, thank you to the local businesses who were so generous with their financial support. To anyone that I've forgotten ... thank you. I look forward to one more year to give Whitman-Hanson a great yearbook.
